Jefferson County Rapidly Advancing in Farm Values.

Horace W. Moremen Writes Letter and Tells Why His Part of Jefferson County is a Good Place to Buy a Farm.

EDITOR THE JEFFERSONIAN:—The readers of your paper are under obligations to you for publishing and to Mr. M. F. Johnson for writing his articles on the Fern Creek Fair, and this reader would like to read more of its history and of the fruit growing of the section around Fern Creek and Jeffersontown, and why that section of Jefferson is a good place in which to live and why the farmers and fruit growers of that section are doing for the betterment of themselves and the community, and with what success.

What Mr. Johnson has said shows that Mr. Sawyer need not have gone to Denver to raise fruit successfully and profitably, and probably if Mr. Sawyer had stayed in Kentucky and taken lessons from Fern Creek fruit growers he would have made as much a success as he has by leaving.

Jefferson is a good place to live and to raise fruit, and the farmers and fruit growers of that section are doing for the betterment of themselves and the community, and with what success.

ANNUAL

Meeting of Those Interested in Penn Run Cemetery.

Heroes of the Revolution, Veterans of the Mexican War, and Heroes of Christian Warfare Are Buried There.

The annual meeting of those interested in the Pennsylvania Run graveyard will be held upon the grounds on Thursday, June 10th, at 1 o'clock p. m. Everybody is invited, those who are not interested as well as those who are. But who in Jefferson county is it that is not interested in old Pennsylvania Run graveyard? Within its hallowed confines rest heroes of the Revolution, veterans of the war with Mexico, and heroes of Christian warfare. Those who have not visited this place for years would experience a strange revelation if they would attend. No spot in the county has had such a wonderful transformation. In the past the branches and briars which covered these grounds a few years ago it is now clean and well kept. Graves that have been neglected for nearly a century are now being filled and rounded up.

No distinction is made between the high and the lowly, the rich or the poor. The graves of a stranger and a friend may not have a friend or kinsman that knows where he lies is looked after as well as the grave of the most honored of our citizens.

This work has just begun. The trustees have for the last two years had a splendid and efficient man employed, and the appearance of the grounds justify their action. The board of six trustees is non-sectarian; two trustees are to be elected at this meeting to fill vacancies which will occur.

Nothing indicates more certainly the loftiness of character of a people than the care they bestow upon their graves. The dead are buried at least fifteen hundred people at this meeting. Come and bring flowers and help in this tribute to the dead. If you can possibly spare a few cents to send a contribution. The trustees render a strict account of every cent contributed.

Has you so soon forgotten the remains of your fathers, mothers, wives, husbands, brothers, sisters and children? It is only a half day; be there this time. "Honor thy father and mother" that thy days may be long on the land which the Lord thy God gives thee."

FERN CREEK.

Bardstown Pike to Be Resurfaced—Cedar Creek and Beechland Schools To Give Picnics Next Month.

Fern Creek, May 17.—Moses I. Bates graduated from a Louisville business school, and he is now ready to take his place in somebody's office. Wm. Alvis, who recently graduated from the College of Dentistry, has the necessary documents to show that he is qualified to do stump-pulling by the latest and most improved methods. He will also put a golden crown in your mouth, if not on your head.

Long & Carwardine, contractors, have been busy the past week improving the drainage on the Bardstown pike near Beechland church, preparatory to resurfacing the pike from this point to the Bullitt county line. Officer Shafer a few nights ago had a month-salary's worth of fun when he surprised a party of men fishing in R. K. Fryer's pond. When he fired his pistol, such a getting over falling in fishes never was seen.

Cedar Creek Baptist Sunday-school will have a picnic at the fair grounds Saturday, June 26. A good time is expected. We do not know at this time just what the program will be.

Beechland Sunday-school will give their annual picnic at the fair grounds on July 24. This event usually takes place on the 4th, but as the 4th is on Sunday, the picnic will be on the 3d. Everybody is invited to come and enjoy the day. An abundance of refreshments will be on the grounds. The program will provide for singing solos, duets, quartettes and choruses, and speeches and games.

Roemmel—Freibert.

The marriage of Miss Lillian Roemmel and Mr. George Freibert, of Louisville, was solemnized at ten o'clock Tuesday morning at the Church of the Annunciation in this city, Rev. John H. Riley, the pastor, officiating. The bride was assisted by Father Neisen, of St. Matthews.

The church was beautifully decorated with palms banded about the altar and was illuminated with candles

Many Valuable Farms Change Hands—Hoskins-Chick Wedding—News From Harrod's Creek.

Harrod's Creek, May 17.—Mrs. W. C. Tarkenton, of near Prospect, has sold one of her farms situated near Poplar Grove in Oldham county containing about 177 acres to J. T. McWilliams for \$12,500. The farm is about 12 miles from Louisville on the Brownsville road and is considered one of the best in the neighborhood.

Mr. J. D. Cooper, of Rock Lodge, on the Prospect line, has sold his country place of about 55 acres for a sum sold to be between \$8,000 and \$9,000. Mr. W. W. Tapp, of the Tapp Clothing Co., was the purchaser, but he disposed of it this morning (Monday) to another gentleman, who was more anxious to get to the country.

ESTEEMED

And Highly Respected Citizen Passes Away at Malet's—Thomas Edmell Dies of Paralysis.

Mr. Alfred Malet, who owned a beautiful estate of about 90 acres at the Brandeis Station on the Prospect electric line, has added to it by purchasing a tract from The Fort Stanwix Realty Co., and two tracts from W. F. Woolfart.

Miss Mary Ella Hoskins and Mr. Walter A. Chick were united in marriage at the home of the bride's mother, Mrs. Mary F. Hoskins, on Wednesday evening, May 12, at 6 o'clock.

After the wedding supper, which was participated in by about one hundred guests, the young couple left for New Orleans, from which place they will go by steamer to New York, returning by way of Washington.

Mr. A. H. Mason and family, who spent the winter in Louisville, will return to their farm, "Transylvania," this week.

The Harrod's Creek school closed on Tuesday, May 18, after a successful term of nine months taught by Miss Letitia Hardesty, of Louisville.

Rev. F. J. Riebel, one of the Sunday-school evangelists of the Christian church for the state of Kentucky, was at the Prospect Christian church on Sunday last.

The Rev. Uchle, of Louisville, will preach at the Prospect Christian church on the fifth Sunday in May.

VALLEY STATION.

Building Destroyed by Lightning—Sunday School Rally—Otto: Means of Lumber From South Jefferson.

Valley Station, May 17.—During the electrical storm Saturday at 2:30 o'clock p. m., Senator H. S. McNutt's one new building containing farming implements and some grain, was struck by lightning. It burned rapidly and nothing was saved. The building was valued at several hundred dollars and was mostly partly covered with insurance. Four men, Messrs. Williams, Scott, Reid and Will Spencer, the road surveyor, had gone to their shelter. Oscar Reid was the only one struck by lightning and he was unconscious for sometime and is in a very serious condition.

The Salem Baptist church will hold their Children's Day Service Sunday, May 30th. All are invited to attend. A splendid program will be presented and all expect to have an enjoyable time.

Rev. G. W. Wyatt, of London, Ky., and Miss Annie Lee Boggs, of Louisville, were the guests of W. Wyatt and family last week.

Miss Mabel Jenkins, of Louisville, and Bay Branch, were the guests of Miss Lillie Burnett Shiffley.

Rev. Olin Bogges, of Plant City, Fla., is spending several weeks with his father, Rev. C. V. Bogges.

Rev. Olin Bogges, of Plant City, Fla., will fill the pulpit at Bethany church for Rev. E. D. Bogges during his stay in this county.

Mrs. A. G. Anderson entertained the Bethany Ladies Aid last Thursday.

Miss Ivy Moss and Mr. Arthur Wuerst, of Louisville, were the guests of Mr. I. P. Moremen and family Sunday.

Dr. W. F. Bogges and daughters, Elizabeth and Katherine, of Louisville, spent Sunday with Rev. C. V. Bogges.

Mrs. Stults and daughters, Susie and Ruth, were the guests of Mrs. J. P. Moremen Thursday.

The Ladies' Aid of Beechland met with Mrs. J. H. Willerson last Tuesday.

Mrs. J. S. Piper, of Lebanon, is visiting her daughter, Mrs. E. Dodge.

AUCTION SALES

By Burton Whayne Co., On May 22 and 23.

Give Opportunity to Secure Good Citizens.

What appears to be a great opportunity to secure more good citizens for this community and Beechel will be the auction sales of Burton Whayne Co., auctioneers, which will take place on May 22 and 23.

On next Saturday, May 22, Crawford's Addition to Beechel will be sold at auction in building lots. This tract is a nice piece of property and is near the Harrodstown electric line. Read daily advertisement in another column.

Next Monday, May 24, the lovely residence of Mr. E. R. Sprowl and several nice building lots in Livingston Heights will be offered to the highest and best bidder. Read the ad in this issue for further information.

Now, if the people of these two communities will turn out themselves and show that they are interested in

the welfare of the towns in which they live, the prospective buyers from Louisville and other places will not hesitate in bidding and purchasing in such a locality. But on the other hand, if our people do not show an interest you can not expect strangers to show much anxiety to locate here.

Jeffersontown and Beechel have great futures. Ten years from now it is now the city limits was considered in the country. Ten years hence Louisville will be crowding the gatekeepers of this section back further in the country. This will mean higher prices for building lots, and our farmers can then afford to sell and move out further. It's coming; that's certain! You will help bring it to pass and try to get the best class of citizens to locate here? You can do so by attending all public sales, and talking property up and not down. It is important that we do this.

The owners of North Carolina cotton
mills are reported in alarm over a
bill to regulate them. The proposed
regulations are, the boys under 16
shall not begin their work in the
mills before 5 o'clock in the morning
or remain at work there after
7:30 o'clock at night; and that women
and girls shall not work in the
mills at all. At some of the mills the
owners are quoted as saying they cannot
carry on their business under such regu-
lations, and the New Bedford Stand-
ard is surprised at them. "If such
regulations," it remarks, "can put
many of the North Carolina cotton
mills out of business, the same appli-
cation of location over the Massachusetts
mills cannot be so overwhelming as
has occasionally been argued."

The first attempt to manufacture
paper in the United States was made
in 1690 by William Rittenhouse and
William Bradford, who established a
paper mill at Roxborough, near Phila-
delphia, boasts the Press. The first
paper was made wholly of rags, and in
1710 William Deere erected a second
mill in Germantown, and a third,
which was erected in 1714 on the
Chesler creek, furnished Benjamin
Franklin with paper. By 1810 the num-
ber of paper mills in the United States
was estimated at 15, the daily output
was estimated at 100,000, and in 1900
there were nearly 700 of these mills,
manufacturing printing, writing and
wrapping paper with a capital of \$97,
000,000. The manufacture of straw
pulp for paper manufacturing was in-
troduced in 1854, and of wood pulp in
1857. The census of 1900 shows 763
paper-making establishments, with a
capital of \$167,567,316, and the value
of the product \$217,265,162.

That latest addition to the British
empire, Ceylon island, in the Indian
ocean, is not the result of the terri-
tory resigned over by King Edward
it is, for instance, at least ten times
as big as Pudding Island, in the Ton-
ga group, which is less than a mile
in circumference. The area of this
latter, too, is gradually diminishing,
due to the destruction of the coral
skeleton of the coral base on which it
stands. It derives its curious name
from its striking resemblance to the
top half of a pudding, the barrier
reef which entirely surrounds it
standing for the rim of the pudding.
There is Beethle Island, in the South
Pacific, which rises from the centre
of a perfectly circular platform to a
height of 400 feet, in a smooth, dome-
shaped hill of polished basalt, ex-
actly resembling a beehive. The area
together is less than 100 acres. Never-
theless, on the ledge surrounding the
inaccessible central dome are some
200 natives, who support themselves
by fishing. Conway Island is another
fine example of a beehive. It is only
feet above the water, and measures
barely 80 yards in one direction by
about 180 in another.

"Just out yonder," the youth declares,
"I have seen where the earth and the heavens meet."
"Is a long, slight line, and the one who dares
May himself from thence come."
And some day I'll build me a swift-winged boat
And I'll speed to the top of the pole,
Where the twilight landscapes shine and float
And the stars are breaking below."
"It is not far distant," the man cries out,
"The time when peace shall maintain its sway
Below and nothing but the stars above."
The journey is such a little way!
To the glories opened before our view!"
And the youth, with a look of thought,
The hope of his youth that had never come true.

BATTLE IN MIDAIR.

Wyoming Man Has a Thrilling
Fight With an Eagle.

Swinging like a pendulum at the
end of a two-hundred-and-fifty-foot
rope against the side of a five-hun-
dred-foot cliff, with jagged rocks far
below and nothing but the stars above,
with which to fight off the fierce on-
slaught of an immense eagle whose
feet he was attempting to ward off.
This was the predicament in which
Arthur Williams, a young man of
Riverton, Wyo., found himself one
day early in June last year. With
the willars of her nestlings at stake,
the great bird attacked the desperado
of her home with incredible fury and
only to a lucky chance does Wil-
liams owe his life.

Riverton is a new town on that
portion of the Cheyenne and Arapaho
Indian reservation which was
opened to settlement last year, and
in the country thereabouts mountain
hens, turkeys, eagles, hawks, eagles,
bears, etc., can be found.
Before the Indian reservation was
opened to the whites for settle-
ment the stockmen were per-
mitted to graze their sheep over the
country, but at last the Indians be-
came known among the sheepmen that over
in Lost Wolf Canyon there were a
pair of eagles who made a specialty
of devouring young lambs. Try as
they might, however, the shepherds
were unable to get a shot at either
of these great birds, for several
years they were the terrors of the
district.

Hunters with their Winchester
often lay in wait for the big birds,
hoping to get a shot at them, but
they shall not begin their work in the
mills before 5 o'clock in the morning
or remain at work there after
7:30 o'clock at night; and that women
and girls shall not work in the
mills at all. At some of the mills the
owners are quoted as saying they cannot
carry on their business under such regu-
lations, and the New Bedford Stand-
ard is surprised at them. "If such
regulations," it remarks, "can put
many of the North Carolina cotton
mills out of business, the same appli-
cation of location over the Massachusetts
mills cannot be so overwhelming as
has occasionally been argued."

Williams and two friends made a
trip out to Lost Wolf Canyon to in-
vestigate the chances of trapping the
eagles in their nest. A ride of eight
miles over rough mountain trails
brought them to the canyon, half way
up the perpendicular side of which
they saw the horizontal cliff in which
the old birds had built their
nest. At the foot of the cliff several
under the cliff was a pile of bones—
the remains of lambs thrown out by
the eagle and saw that the birds
had been picked clean.

"We ain't any nearer that nest
down there than we are up here,"
replied one of the boys, "and the
sheepmen, and accordingly a special
effort was made to exterminate them.
To that effect Arthur Williams and
the appalling adventure which befell him.

GREATEST VALUE FOR EVERY DOLLAR

You may investigate ALL pianos. The MORE you learn about every make the surer you will be that the Ellington Piano gives ALL you could wish—gives MORE in everything that determines piano value than any other at the price.

It gives you a DISTINCTIVE tone of marvelous durability, that APPEALING tone so loved by the home circle. It gives you a LIGHT, ELASTIC, RESPONSIVE action, the kind that AIDS and ENCOURAGES the performer. It gives you that sterling worth in every part which makes the Ellington the BEST piano investment on the market.

You get in it the greatest possible returns for every dollar because it is the product of one of the factories of an unequalled organization—The Baldwin Company.

The great timber lands owned by this company, the complete factory facilities, the army of expert workmen, the immense sales, all work toward a single result—the production of instruments whose quality at the price no other maker can attempt to approach.

CREAGER'S BUSINESS SCHOOL,

Second and Breckenridge,

Louisville, Ky.

Our attendance is at least 30 per cent better this year than it was last. Why is it, do you ask? It is due to several good reasons: We have the best system, experienced teachers, and our school is private—in a word, we have all the requisites for rapid progress, and the people are getting more for their money here.

Bookkeeping, Penmanship, Shorthand, Typewriting and kindred subjects taught. Students may enroll at any time. Come to see us. **J. D. CREAGER, Prin.**

Pretty Home Wedding.

The wedding of Miss Dorothea L. Lannert and Dr. Thomas Edwin Craig, of Sullivan, Ill., was quietly solemnized Saturday, May 15, at 12 o'clock at the home of the bride's parents, Mr. and Mrs. Rhoda Hartman, of Buchel, in the presence of the family and a few immediate friends. A reception followed at the bride's home after which Dr. and Mrs. Craig left for Louisville. The Rev. Geo. Tinsley, of Lexington, officiated. The attendants were Miss Lillie May Applegate and Mr. John Lannert. The bride was beautifully gowned in white tulle, her tall veil was caught with lilacs of the valley and she carried a shower bouquet of bride's roses. Miss Applegate also wore a becoming gown of white tulle and carried a pink rose. The house was beautifully decorated with pot plants and cut flowers. Miss Barbara Hartman, sister of the bride, played the wedding march. Dr. and Mrs. Craig have many friends who extend congratulations.

Masonic Lawn Social.

The Jeffersontown Lodge, No. 774, F. & A. M., will give a social on Saturday, May 29, from 2 to 11 o'clock p. m., in the beautiful yard of Mr. L. C. Owings, near Jeffersontown, on the interurban electric line, for the purpose of raising funds to build a new Masonic hall at this place. The social last year was so successful the lodge decided to have another this year, but on a larger scale. There will be all kinds of refreshments, such as ices, cakes, fruit, sandwiches, coffee, etc., etc., sold at very reasonable price. Our people are always glad to see any improvement for Jeffersontown and a large crowd will, no doubt, attend the social and help the Masons build their home here. Music will be furnished by the Middletown brass band. 47-41
